PROFILE

My name is Yean Rothmony. I'm from Kampong Cham Province and I just recently graduated Bachelor Degree of Computer Science at Royal University of Phnom Penh. I have some relevant experiences with motivated and detail-oriented Computer Science graduate with strong foundational knowledge in full-stack web development. Skilled in PHP, Laravel, MySQL, JavaScript, and React.js, with hands-on experience building both frontend and backend systems. Passionate about clean, efficient code and eager to contribute to a collaborative development team.

RELEVANT EXPERIENCE

Group Project - 2025

E-commerce Website

Using HTML, CSS, JavaScript, PHP, MySQL

- Designed and developed a complete e-commerce site using HTML, CSS, JavaScript, PHP, and MySQL.
- Built frontend pages for product listings, shopping cart, and checkout with responsive design.
- Developed backend features including user login and products management
- Structured the code with clear MVC patterns and handled session-based authentication securely.

Using React Js, Tailwindcss, Laravel

- Created a single-page application using React.js that consumes a Laravel REST API.
- Implemented user registration/login, CRUD features, and dynamic UI updates with React hooks.
- Secured APIs with Laravel Sanctum, middleware, and form validation.
- Connected to MongoDB database using Eloquent ORM and optimized data fetching from frontend.
